Testimonials.

"I regard R. Eddy as one of the most capable and successful practitioners, with whom I have had official intercourse. CHARLES MASON,

EDMUND BURKE,

"Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is now pending. feb13 ALFRED SMITH.

A Fortunate Mistake.

Coming out of the opera one evening, jostled in the crowd, I felt a hand clasping my own, and a musical voice exclaimed:

"You goose! for nothing! I thought I had lost you! What a frightful crush! I do believe my arm is broken, and my dress ruined."

I was on the point of replying that I agreed with her, but restrained myself, laughing inwardly at the novel position in which I was placed, and wondering who my fair one could be. Evidently she mistook me for her brother, or possibly her husband, judging from the familiarity of her manner, for she added, in a sympathyzing tone:

"Forgive me, Ralph—your poor head! I am sorry I made you come."

"Pardon me, madam," said I; "but—"

"Oh, no sense, Ralph!" she interrupted me. "You have become half barbarian since you went to the war, to permit me to seat myself, while you stand there as if I were your wife, and you ten years married instead of your sister, whose ready assistant in place of a better,—you should be. Ralph! I shall catch my death of cold sitting here; and such a long ride, too!"

Here the lady gave a perceptible shiver.

"Do jump in and sit down, or I will—"

"What she would have done I did not want to hear; but seeing myself beside her in the carriage, we were driven off, whither I knew not.

"I won't ask you to talk to me, with that headache, but I want you to listen to me. I wanted to talk to you coming in, but that little chatterbox Maggie, prevented me from saying a word to you. You remember poor little Lucy Walters, Ralph. Her mother died about two months ago, and the poor girl has gone to live with the Deans. Mr. and Mrs. Dean have been very kind to her, but it is impossible for them to do more than shelter her. If she had a teacher, she might in time be independent; but that would require money, and you know I haven't much, Ralph; but I have determined to do something for our old playmate. I can save out of my allowance one hundred and fifty dollars, and now if you will double it, what will not that do for Lucy? If I am correct, it will enable her to attend the School of Design and take private lessons in art for a year; and at the end of that time, if Lucy is alive, she will show the world what a woman can do. I know you will give your share toward the sum, like a good brother as you are."

Here my companion became quiet, and the question presented itself to my mind.

"How am I to escape from this awkward position honorably? Here I have been guilty of listening to a communication intended for another—have been guilty of an inexcusable deception, practiced upon a stranger and a lady, knowingly. Perhaps the honest plan would be to acquaint her at once with the mistake, and solicit her pardon.

I was about to commence my well studied speech, when my companion gave a little laugh as she said:

"Really, Ralph, you are very entertaining in your own peculiar way; but if you are as dumb when in the presence of Miss Vernon as you have been to-night, she is to be pitied rather than envied. But here we are at uncle's, and you know I promised to stop with Carrie to-night; so you will have no one to bother you the remainder of the road. How singular you do act to-night, Ralph! Well, I will not tease you any more."

Suddenly the driver drew up before an elegant residence, and imagining I perceived a loop hole whereby I might escape from my awkward predicament, I sprang out of the brougham and assisted the lady to alight.

"Is your head still aching, Ralph? Good night. Why, you did not kiss me?"

As the fair face upturned to mine, with its tempting lips awaiting a kiss, I pressed my shawl down from my mouth suddenly, and suddenly felt my head drawn down to receive the most delicious kiss that ever was bestowed by maiden.

"You need not wait; the door is open, and there stands Carrie, bless her!" said my companion, as she tripped up the steps while I stood irresolute.

Seating myself once more, I was again driven off, but whither I knew not. I only knew that I had lost a charming companion whose lips a moment since were pressed to my own, and whom in all possibility I might never meet

"Oh, you mean Mr. Wright's," said he.

"How far is it?" I asked.

"About four miles and a half; perhaps more.

"Thank you. That is all I want," I replied, as I passed into the house, where I addressed my note to Miss Lucy Walters care of Miss C. Wright; then sauntered out slowly, I called the lad to me.

"By the way, George," said I, "I have a letter to deliver out there. Do you think you could do it for me?

"Well, I can manage it for you, Mr. Clark," replied the lad. "My uncle Dean lives out there."

"Is Mr. Dean your uncle?" I inquired hastily.

"Yes sir," he replied.

"There is a lame girl living with him? I continued.

"Yes; Miss Walters," he replied.

"Can I trust you George?" I inquired.

"You may, sir, if you want to help Miss Walters without her knowing who is doing it," said he.

"Well," said I, "this letter is intended for Miss Walters, as you will perceive. It is a money letter; and if you convey it to her that is all that is required. You will keep the matter to yourself?"

"I only wish I could do twice as much for Miss Walters," exclaimed the fine lad; "I shall put the letter where she will get it, and she will never know where it came from. I am going there to-night."

"Very well George," I replied as I left him, feeling satisfied that the note was in safe hands.

WM. A. STEDMAN,
Member State Central Committee
Newport, March 28, 1868. for Newport

The Abyssinian War.

King Theodore claims to be a lineal descendant of the royal family of ancient Ethiopia. He has engaged in many wars, and in most cases been successful. By this means his dominions have been greatly extended, as province after province has been added to his Empire, and chief after chief made subject to his power. In view of his conquests he styles himself a king of kings, and doubtless supposes himself one of the mightiest sovereigns on the face of the earth.

It is true he has fears of the Turks, and the present troubles grow out of his desire for an alliance with Great Britian by which these enemies may be overthrown. When Captain Cameron, the British consul, visited his court, he made proposals of this sort, and on their rejection by the home government, promptly threw the Captain and about sixty other Englishmen into prison. Of course the British Government was embarrassed. It was in duty bound to protect its subjects, and especially its officers, in all parts of the world. Diplomacy was resorted to, and in 1866, Mr. Rassam was sent to negotiate for the release of the captives. He was received kindly and treated according to the old Persian proverb in which the guest is allowed to come voluntarily, but to depart only with the permission of the host. In short he was detained with the others and became a prisoner in the kings hands.

Other efforts were made to secure the release of the captives but all without avail. It was evidently of no use to send more ambassadors, for it only added to the number of prisoners and made a bad matter worse. Thus the subject become environed with difficulties of the most serious nature. The English Government did not want war, and could not afford to carry it on, but it would not do to allow this state of things to continue, without destroying its prestige, and failing, in fact, in performing the first duties of a government, viz: the protection of its citizens. Hence the war with Abyssinia. The story about the widowed Theodore in supplication for the hand of Victoria is a simple canard and nothing of this kind has to do with the present difficulty.

What the fate of the expedition to Africa will be it is very difficult to divine. Theodore himself can offer little or no resistance, for many of his provinces have revolted and set up for themselves. But there are other chiefs through whose countries the army must pass, that are able to muster, it is said, not less than 75,000 men. If these should prove hostile or treacherous, the English will stand a poor chance: if friendly, or even neutral, the days of King Theodore and his empire are ended.

We sincerely hope the barbarian chief may be speedily brought to terms. The whole civilized world has an interest in the issue, as the rights of travel, of exploration and trade are seriously involved. England will be entitled to the thanks of all nations if she shall succeed in teaching, not only Theodore, but all others like him, that men, as such, have certain individual rights, and among them are life, liberty, and the pursuit of happiness.

[For the Daily News]

The temperance prayer-meeting referred to in Saturday's edition we learn was by no means a failure. Some of our most respected citizens from the various churches were present, and participated in the exercises.

It must be gratifying to every lover of good society, to learn, that earnest christian men are engaged in this great and increasingly important subject, The temperance reform.—It is a question, in our judgement, which cannot be over estimated, at this period of our history. We need no Prophet's vision, to lift the curtain of the future, to show on what battle ground, the fierce contest must rage, perhaps for years to come; nor need any christian man, who is awake to the openings of divine Providence, fear the final result.

Human slavery is numbered among the things that were; and its long train of ever present evils is fast following in its wake. The struggle between freedom and oppression, was long and fiery but truth and right prevailed. The victory was decisive, and we trust final. The christian and philanthropist joined hand and heart, against all opposing odds. They walked not by sight; for the road was dark and perilous as ever human foot trod. Yet faith in God, belief in Providence, nerved the arm, and indicted the prevailing petition. It was not argument, however convincing, nor human skill or strength, however potent, that succeeded. But it was because they were joined to Him, and with Him, whose heart melts at human suffering, and beats in sympathy with the aspiration of the oppressed, and the lowly, that they triumphed. Christian men be not discouraged by the few temporary defeats, in the great and noble work of saving the inebriate. If we stood alone on this field against human prejudice, human passion, and love of human gain, we might stop here and say it is useless to do more, all odds are against us. But we are not done, the Almighty Father has taken his stand on our side, and with him all is right. We must not then, to this great revival movement in the temperance reform, now spreading itself over our land, not to legislation, or even to moral suasion, not to any other, or all other human efforts, so long as the ear of God is open, go there with your petitions.

For so long as the ear of God is open; so long is the throne of grace is accessible, we have hope.

Let Christians join in earnest importunate unyielding prayer, and the mighty one which moves the world will move this great wrong from our midst.

TEMPERANCE.

Providence Conference of the M. E. Church.

SECOND DAY

WELLESLEY, MASS., March 26.

This morning Bishop Scott appeared in the Conference room and took the chair.

The Bishop made an explanation in regard to his absence yesterday when the conference proceeded at once to business.

Certificates of transfers, of W. McKay Bray from the Maine Conference, of I. G. Bidwell from the Troy Conference, and of H. H. Martin from the New Hampshire Conference, were presented.

Petitions from members of several churches on lay delegates, were presented and referred to the committee on this subject.

W. Y. Morrison was elected to fill the vacancy occasioned by the absence of Dr Coggeshall, in the committee on lay delegation.

G. W. Wooding was chosen to collect moneys for the Necessitous Cases, in the absence of Hon. W. B. Lawton.

Rev. Mark Trafton, was restimitted to this Conference after which he was allowed to explain the circumstances and the causes of the anomalous position which he occupied during the past year.

The consideration of the Seventh Disciplinary question was resumed. J. Cady, E. Grant, G. W. Stearns, L. D. Davis, W. Kellen and T. Aubay, were continued Supernumeraries, without appointment.

Second disciplinary question was taken up, "Who remain on the Usual?" S. T. Edwards, Geo. E. Fuller. J. B. Bishop, A. A. Presbery, G. L. Westgate, were continued.

Question fourth was taken up, "Who are the Deacons?" W. P. Hyde, D. L. Brown.

Geo. L. Westgate was elected to Deacon's orders.

A committee of seven on Conference boundaries was ordered to be nominated to-morrow.

Rev. Charles Stokes, a minister of the Methodist Protestant Church, was admitted to membership in this Conference, his parchment of ordination having been recognized, and satisfactory answers having been given to the usual disciplinary questions, proposed to candidates for Holy Orders.

Adjourned.

The business of the Conference is progressing very pleasantly, though not with unusual velocity.

This afternoon, an educational meeting was held which was presided over by Dr. Wise, and addressed very effectively by Revs. J. H. James, J. D. King, and Dr. Patten.

The anniversary of the Church Extension Society was held at 7½ o'clock this evening. The speakers were, Rev. D.A. Wheldon and Rev. Dr. Kynett, Corresponding Secretary of the Society. The speeches were very able and interesting.

The Emperor Napoleon makes a note of everything he wishes to remember in his memorandum book. As soon as he has filled up a page of it he tears it out, reads it over, and then tears it to pieces. He says he never forgot anything noted down and read over in this manner

On the first Sabbath in March Rev. A. J. Padelford presented his resignation as pastor of the Amherst Baptist Church, to take effect at the close of the month.

About Home.

—o—

THE CAUCUS.—Republican electors will keep in mind the call for a caucus at the State House this evening. We sincerely regret the decision to which Mr. Malcom felt obliged to come in view of his duties at home, and our only wish now is that a man as intelligent, as public spirited, and as honest as he, may be found as his successor. Let there be a full attendance to night, for in the multitude of counselors there is wisdom.

Mr. Green's letter has just been handed us by which it will be seen that there is another vacancy to be filled to night.

RELIGIOUS.—A large congregation assembled at the Second Baptist church yesterday afternoon, to hear the Rev. C. H. Malcom's discourse upon the great revival now in progress in Westerly, and the neighboring towns. The narrative awakened a deep interest in the minds of the hearers, and showed conclusively the effects of the outpouring of the spirit of God in removing denominational barriers, and establishing unity among Gods people. The present great awakening began with the week of prayer, and there are at this time no signs of its abatement.

DESERTERS.—The following letter from Judge Greene which has just been received, will explain itself:

NEWPORT March 30, 1868.

HENRY H. FAY, ESQ.,

Chairman of the Rep. Nom. Committee.

DEAR SIR.—Having received at the Caucus of the Republican party on Thursday evening the 26th, the nomination of 6th Representative of this City to the General Assembly of this State and fully appreciating the honor of the same; I beg leave to decline being a candidate, for after mature consideration of the matter and consultation of my own feelings, I have decided not to enter the political arena at my time of life.

Respectfully Yours.

JAMES A. GREENE.

RUNAWAY.—A horse ran away on Saturday belonging to Mr. J. C Carry breaking the wagon and scattering things generally.

DESERTERS.—Two Fort Soldiers were arrested Saturday, having been seen coming out of an unoccupied house on the Fort Road, where they had probably gone for purposes of plunder. They were taken in custody as deserters.

MARINE.—It is reported that there is a propellor ashore on Block Island, and parties have gone from Newport to her aid. We have no particulars.

LATER.—The steamer ashore is the Glaucus which runs between New York and Boston. The Neptune has gone to her assistance.

JAMESTOWN.—A new Baptist church is in process of erection on the island. The building is not expensive but will be neat, convenient, and a great improvement in every way over the other church edifices in the town.

DEATH OF HIS CITY TREASURER.—We are pained to announce the disease of Joseph A. Carr esq. our popularcity Treasurer. He has been sick several weeks and died on Sunday. Mr. Carr was an estimable citizen, and a good officer, and his loss at this time will be severely felt.

GENERAL VAN ZANDT.—We see it announced that our townsmen Hon. C. C. Van Zandt is engaged to take part in the canvass of Connecticut during the present political campaign. The Republicans of that State will find him a man for the times, and fully equal to any that have addressed the electors of that State.

PERSONAL.—I. W. R. Marsh the Principal of the High School is confined to his house by severe sickness. The High School is for the present in charge of the assistants

THE ÆTNA INSURANCE COMPANY of HARTFORD.—This company, the largest in America, has paid for 5000 Dwelling Houses that have been burned, 2,000 Churches and School houses, 8000 Stores and merchandize, 1,100 Mills and Factories, and about equal proportions of buildings of other classes. With all this immense business it disputes less claims and has less law suits than almost any company in the country however small. When losses are fair and square, the Ætna is equally so, and the sufferer gets his money without unnecessary delay.

Providence.

Our Providence Correspondent sends us the following names of persons nominated for the General Assembly in Caucus on Saturday evening for approval in the convention to day. Their names do not appear in the Providence papers of this morning but our "special" undoubtedly has the matter right so far as the city delegation is concerned.

For Senator—Benjamin W. Thurston—*For Representatives*—1st, Orin A. Bilbo. 2d, John N. Gardiner. 3d, George W. Hall. 4th, George T. Spicer. 5th, Wm H. Reynolds. 6th, Lucurgus Sayles. 7th Julius Baker. 8th, Charles H. Perkins—9th, Amos C. Barstow, 10th Horatio Rogers, Jr. 11th, George L. Clarke. 12th, E. A. Jillson.

THE ARMY.—There were two propositions before the Senate the other day for the reduction of the army. Gen. Grant did an excellent thing, three months ago, when of his own motion, he reduced the force to the lowest point allowed by law—that is, about 55,000 men. But we are of opinion that there might be a considerable diminution even of those figures. Ten thousand men, we should think, might take care of the Indians, 20,000 ought to be sufficient to take care of the South, and to supply all demands for garrison duty. This would be double the force we had before the war and we have no doubt Gen. Grant could get along with it. If we are to have a large reduction of taxation, we must have a large reduction of expenditure in every Department.

GENERAL ASSEMBLY.

JANUARY SESSION AT PROVIDENCE.

SENATE.

(Continued.)

Mr. Carrey, for the Committee on the Judiciary, reported an act, from the House, touching the levy and assessment of taxes, which was passed in concurrence with an amendment.

Mr. Grosvenor for the committee of finance, reported a resolution from the House appropriating $2,000 to the First Light Infantry, with a recommendation to concur; resolution continued to the next session.

Also a resolution from the House appropriating for the Woonsocket Guards, conditional that the company convey its armory to the State, which was passed in concurrence.

An act making an appropriation for the support of the government of the State the ensuing year, from the House, which was passed in concurrence.

Mr. Smith of Barrington was appointed one of the special committee on the Insane Asylum in place of Wm. Binney, resigned.

Mr. Grosvenor, for the committee on finance, reported the appropriation bill, which was passed in concurrence.

Mr. Harrod, for the committee on education, reported back the act increasing the appropriation for public schools, with an amendment; amendment adopted, and act concurred in as amended.

Mr. Eddy called from the table the resolution from a constitutional Convention, which was continued to the next session.

Mr. Carrey said that in the press of business, a resolution had passed which he should have opposed if he had not been engaged. He referred to the resolution directing the General Treasurer to purchase and distribute stationery for the two Houses. He hoped it would be considered.

Mr. Smith moved to reconsider, and the Senate voted to reconsider.

The vote on concurrence being taken again, the Senate voted not to concur.

The non concurrence with the Senate in the amendment of the resolutions relative to the Cove lands being received from the House, a motion by Goode was made, so acquitted.

[President Church in the Chair.]

Mr. Carrey, presented the following resolution, which was unanimously passed:

Resolved, That the Senate appreciates with high satisfaction the distinguished ability with which His Honor Will. Hoyle, the Governor of the State has presided over and conducted the deliberations of the present session, and that we shall long cherish most pleasing recollections of the courtesy, manner and courtesy with which he has discharged as well his private as his official duties during all the time of the session of this body during those important periods in the history of this State which have transpired since the commencement of his official term of office.

The Lieut. Governor made a happy response thanking the senators for their consideration and uniform courtesy after which the final adjournment took place.

House of Representatives.

Mr. Flagg, from the committee on the militia, reported back the resolution authorizing a suitable testimonial to be presented to discharged soldiers and sailors. Continued to next session.

Also a resolution passed in Newport by a meeting of veterans of war of 1812. Continued to the next session.

Mr. White, of Newport, offered a resolution to pay the joint special committee authorized to repair the State House.

Considerable discussion ensued on the resolution, participated in by Messrs. Carpenter, Greene, Aylesworth, Barstow and others.

The resolution was adopted.

Mr. Barstow, of Providence, called up the act to increase the appropriation for the support of public schools.

Mr. Weeden offered an amendment adding to the first section a provision that the appropriation of $20,000 made by the bill shall be apportioned "in the same manner and in the same form, and subject to the same conditions in which the present appropriation is now made for the support of public schools."

A long discussion followed, in which remarks were made by Messrs. Weeden, Barstow, Lillibridge and others. The amendment was adopted.

Mr. Sheffield offered a resolution, which was adopted, continuing all unfinished business to the next May session.

[Mr. Gardiner in the chair.]

Mr. Bradford, of Compton, presented a resolution tendering the thanks of the House of Representatives to the Hon. Charles C. Van Zandt, for the able, impartial and efficient manner in which he has presided over the deliberations of the House during the present session.

Remarks upon the resolution were made by Messrs. Bradford, Ingalls, and Weeden.

Mr. Weeden, of Westerly, said that he desired in this connection to say that some insinuations had been made against the clerk in regard to the purchase of stationery for the House. He said there might be some allowance in the very loose way which the House had countenanced in this respect. He thought that the House should bear a portion of the blame, and paid a tribute to the faithful manner in which the clerk has discharged his duty.

Judge Greene spoke of the signal ability with which the Speaker had filled his position, and heartily seconded the resolution.

Mr. Gardiner followed with a few remarks, to the same effect.

The resolution was unanimously adopted.

Gen. Van Zandt addressed the House.

The Speaker responded in his usual happy manner and expressed his good wishes for all who had been so pleasantly associated with him.

Mr. Weeden offered a resolution to pay Edwin Aldrich and E. M. Snow for services as clerks of the finance committee.—Adopted

Also, the petition of Thomas Seckell and others, to investigate the purchase of stationery. The accompanying resolution was read and discussed by Messrs. Aylesworth and others.

Mr. John Turner, clerk of the House, was invited to make a personal explanation relative to the purchase of stationery for the House. The explanation was full and to all satisfactory to most of the members.—The resolution was laid on the table.

A good many items of business were also disposed of which are not of general interest, mostly acts of concurrence, or postponements to the May session.

The House then adjourned to meet according to law.

The reconstruction committee reported yesterday a bill providing that the senior Associate Justice shall succeed the Chief Justice in case of death or disability. The bill passed at once. A great many will say undoubtedly that this is intended to control bad action on the part of Judge Chase; but it is nothing more than an act of prudence and augers no suspicion of that gentleman.

The injurious influence of prison labor on the interest of the working classes is attracting general attention both in this country and Europe. The people of Prussia are signing a memorial petition and remonstrance on the subject; and a German association is about to suggest as a remedy, that prisoners should be paid for their work at their current rates, and the money thus due them applied to their support, the surplus, if any being given them on their liberation.

OUR ELECTION.—The following reference to our coming state election will show how the matter looks to our friends abroad. The article is from the Boston *Journal* and contains valuable suggestions for the Republicans of Rhode Island;

We trust that our friends in Rhode Island have been considerably more mindful than the country at large of the fact that their State election occurs on Wednesday next. It is true, the general result is known as well beforehand, as it will be after the votes are counted. The gallant Burnside, and those associated with him on the State ticket, will be elected beyond the possibility of a doubt: and it is highly proper, therefore, that Gov. Burnside should be engaged at the present time, instead of looking after his own success, in earnestly advocating the Republican cause in Connecticut. It's supporters in Rhode Island, however, should see to it that nothing is lost by his disinterestedness, but that he is re-elected by a handsome, increased majority, as an evidence, at least, that such a public servant is duly appreciated by those who know him best.

But Rhode Island is not to go to the poll next Wednesday on her own account alone. Coming between New Hampshire and Connecticut, her voice will be attentively regarded by the whole country as decisive of present issues and indicative of the future. It will be particularly influential upon the close contest in Connecticut. If it proves to be an emphatic indorsement of the New Hampshire verdict, it will throw a powerful weight into the scale already turning for the right in that State, which is alone wanting to close up the solid columns of New England for Grant and the Republican cause. One thing only is requisite to this end on the part of our Rhode Island brethren—*a full vote* on Wednesday next. We beseech them to make sure of that. We fear that, in the present absence of all excitement, such a vote will not be secured, unless the earnest Republicans in every locality make special efforts toward it; and we assure them that it is well worth their while to begin these efforts *now*.

Among the many restoratives which nature has supplied to relieve the afflictions of humanity, there is no more favorite one for a certain class of diseases than the "medicinal gum" of the Wild Cherry Tree; but however valuable it is, its power to heal, to soothe, to relieve and to cure, is enhanced tenfold by scientific and judicious combination with other ingredients, in themselves of equal worth. This happy mingling exists to a remarkable degree in

Dr. Wistar's Balsam of Wild Cherry,

whose value in curing *Coughs, Colds, Bronchitis, Whooping Cough, Croup, Asthma, Pulmonary Affections, and Incipient Consumption* is indisputable.

Strong Testimony.

From BENJAMIN WHEELER, Esq., Depot Master at South Royalston, Mass.

"In the spring of 1858 I was most severely afflicted with a hard, dry cough, with its usual accompaniments of night sweats, completely prostrating my nervous system, and producing such a debilitated state of health that, after trying medical aid to no purpose, I had given up all hopes of ever recovering, as had also my friends. At this stage of matters I was prevailed upon through the influence of a neighbor to try Wistar's Balsam of Wild Cherry, and, before using two bottles, the effect was almost miraculous. My cough entirely left me, the night sweats deserted me, hope once more cheered my depressed spirits, and soon I had attained my natural strength and vigor. This has this Balsam, as has often been remarked by persons conversant with the above facts, literally snatched me from the yawning grave.—You are at liberty to use this for the benefit of the afflicted."

Prepared by SETH W. FOWLE & SON, 18 Tremont St., Boston, and for sale by Druggists generally.

The best known remedy for

SCROFULA

In all its manifold forms, including *Ulcers, Cancers, Syphilis, Salt Rheum, &c., &c.*, is Dr. Anders' Iodine Water, a pure solution of Iodine without a solvent, discovered after many years of scientific research and experiment. For eradicating humors from the system it has no equal.

To avoid and escape imposition of Foreign and Native Quacks, more numerous in Boston than other large cities.

DR. L. DIX

proudly refers to Professors and respectable Physicians—many of whom consult him in critical cases, because of his acknowledged skill and reputation, attained through so long experience, practice and observation.

AFFLICTED AND UNFORTUNATE!

do not rob and add to your sufferings in being deceived by the lying boasts, mere pretentions, false promises and pretensions of

FOREIGN AND NATIVE QUACKS,

who know little of the nature and character of Special Diseases, and less as to their cure. Some exhibit forged Diplomas of Institutions or Colleges which never existed in any part of the world; others exhibit Diplomas of the Dead, how obtained, unknown; not only assuming and advertising in names of those inserted in the Diplomas, but to further their imposition assume names of other most celebrated Physicians long since dead. Neither be deceived by

QUACK NOSTRUM MAKERS,

through false certificates and references, and recommendations of their medicines by the dead, who cannot expose or contradict them; or who, besides, to further their imposition, copy from Medical books much that is written of the qualities and effects of different herbs and plants, and ascribe all the same to their Pills, Extracts, Specifics, &c., most of which, if not all, contain Mercury, because of the ancient belief of its "curing everything," but now known to "kill more than it cures," and those not killed, constitutionally injured for life.

IGNORANCE OF QUACK DOCTORS AND NOSTRUM MAKERS.

Through the ignorance of the Quack Doctor, knowing no other remedy, he relies upon Mercury, and gives it to all his patients in Pills, Drops, &c., as the Nostrum Maker, equally ignorant, adds to his so-called Extracts, Specific, Antidote, &c., both relying upon its effects in curing a few in a hundred, it is recommended to various ways throughout the land; but, alas! nothing is said of the balance; some of whom die, others grow worse, and are left to linger and suffer for months or years, until relieved or cured, if possible, by remedies less poisonous.

BUT ALL QUACKS ARE NOT IGNORANT.

Notwithstanding the foregoing, facts are known to some Quack Doctors and Nostrum Makers, yet, regardless of the life and health of others, there are those among them who will perjure themselves, saying or advertising giving mercury to their patients or that it is contained in their Nostrums, so that the "results" easy be obtained for professedly curing, or "the dollar" or "fraction of it" may be obtained for the Nostrum. It is thus that many are deceived also, and needlessly spend large amounts for experiments with quackery.

DR. L. DIX'S

charges are very moderate. Communications sacredly confidential, and all may rely on him with the strictest secrecy and confidence, whatever may be the diseases, condition or situation of any one, married or single.

Peerless Cooking Stove.

HEAR what the Boston Journal says of this superior article:

Among the peculiar merits claimed for this stove is the complete ventilation and even temperature of the oven, making it a roasting rather than a baking oven, which is secured by a peculiarly constructed flue-chamber, which heats the air as it passes down behind the hot pot and into the oven, causing the oven to bake or cook perfectly and evenly, a great deideratum with a careful housewife. The perfect control which can be kept over the fire, and its cleanliness. This stove works equally well with coal or wood. These stoves are of different sizes, and are made plain or with an ornamental top, the latter being made with a large reservoir for hot water on the top and a warming closet underneath. Those of our readers who would like to keep up with the times would do well to call and examine this "Peerless stove." Subscribers in Newport, R. I.

Oxygenized Air,

A CURE FOR

CATARRH

AND DISEASES OF THE THROAT AND LUNGS,

Applied by

DR. C. L. BLOOD,

No. 9 Montgomery Place,

BOSTON, MASS.

CHRONIC CATARRH.

Why endure this loathsome disease when relief can be obtained? We meet those every day who are suffering from Catarrh to such an extent, that the Air Passages in the head are in a partly decomposed condition,—the nose and throat filled with such a mass of corrupt matter that they are objects of disgust to themselves, and of pity to those with whom they associate.

Chronic Catarrh usually affects the larynx, fauces and bronchial tubes. It is invariably caused by humoral or inflammatory blood, by which the mucous membrane is made sore or indurated, producing a copious effusion of vitiated matter. If it be produced by Scrofula in the blood it is almost certain to end in Consumption, unless speedily cured, because it is impossible to entirely prevent the matter from running down the Bronchial tubes into the air vesicles, and such is the exceeding, or scathing property of the matter, in contact with the delicate linings of the air-cells as to cause irritation, and invites the humoral properties of the blood to deposit Protein Tubercles and Ulcers.

Catarrh almost always attends Consumption, and frequently leads to it.

In Oxygenized Air we have a positive cure for this disease. The remedy is taken by inhalation,—breathed directly into the lungs, and through them carried into the blood; thus as soon as the blood will carry it, it reaches all parts of the system, decomposing the impure matter in the blood and expelling it through the pores, and through the natural channels from the system. Thus you will see that the cause of the disease is removed, and the disease itself must follow.

In this same manner we treat and radically cure Bronchitis and Consumption. Let no one suffering from these diseases despair of relief. If you are too far away to visit our office and see us personally, write a description of your symptoms, and forward to the address below.

Send for our circular, which gives a description of these diseases.

Out of the many thousands of testimonials received we publish the following:

DR. C. L. BLOOD:—

DEAR SIR:—I desire to give you my testimonial in favor of your scientific system of treating Catarrh and diseases of the Respiratory organs. I have used your remedy, "Oxygenized Air," in my practice for the last year with complete success. I have cured the worst forms of Catarrh, and a majority of the cases of Bronchitis and Consumption in their advanced stages. I unhesitatingly pronounce "Oxygenized Air" the greatest boon ever yet conferred upon our suffering race, and hope the day is not far distant when every intelligent physician will adopt your system in the treatment of all forms of chronic affections.

Fraternally yours,
L. M. LEE, M. D.
No. 139 Westminster Street, Providence.

DR. C. L. BLOOD,—

MY DEAR SIR:—I have tested your remedy, "Oxygenized Air" in advanced stages of Catarrh, Bronchitis and Consumption, and the results have been, in the highest sense, satisfactory, so positive am I of its wonderful power to arrest the progress of the above named diseases, that I can conscientiously advise all who may be suffering from them to place themselves under the treatment at once.

Respectfully yours,

REV. E. TOMLINSON.

PRICE ADVANCED--PAR & INTEREST

THE

Central Pacific Railroad

THE FIRST AND PRINCIPAL PORTION OF THE

National Trunk Line Across the Continent

is being rapidly carried forward by an unprecedented working force; and it is reasonably certain that the CONTINUOUS OVERLAND RAILROAD CONNECTION FROM NEW YORK TO SAN FRANCISCO WILL BE MADE IN 1870.

The United States Government furnishes, upon a coordinate and contingent lien, half the means for constructing the Main Stem Line; and besides an absolute grant of 12,800 acres of valuable public lands per mile, the Central Pacific Railroad Company have received from California counties, donations and subscriptions worth more than $2,000,000. The available resources of this Company are therefore abundant for the purpose, amounting to $37,000,000 on the first 226 miles of the Line, including Loans secured by a First Mortgage upon the whole property, to the same amount only as the U. S. Subsidy Bonds.

The results already attained, although under comparatively unfavorable circumstances, afford substantial ground for believing the CENTRAL PACIFIC to be the

Most Favored, Productive, and Valuable Railroad Enterprise in the Country.

In consequence of the large and rapidly increasing demand, the price of these Bonds has been advanced, and the Company are now offering for sale, a limited amount of their

First Mortgage Six Per Cent. Bonds,

Principal and Interest Payable in Gold Coin,

in sums of $1,000 each, at par and accrued interest from January 1st, in currency.

These Bonds, it is believed, possess the elements of *safety, reliability and profit,* in a greater degree, than any other class of Corporate Securities now offered, and are therefore very desirable for steady investments of small as capital.

Investors will bear in mind the following advantages:

I. They are the first mortgage on one of the most valuable and productive lines of railroad in the world.

II. The actual earnings from local business do not now reach one-fourth of the annual interest on the bonds.

III. The hard part of the work is now done, and the prospects of rapid completion are favorable.

IV. The Company have liberal subsidies, which enable them to prosecute the work with great vigor.

V. The management has been exceedingly prudent and frugal.

VI. There is already a large and growing settlement on the completed and graded line.

VII. The funds provided to be of immense value, 50,000 acres having been already sold.

VIII. Both principal and interest are explicitly made payable in gold coin.

IX. Both the aggregate amount of issue and their standing in Europe will insure for them continued activity and a high rank among standard securities.

At this time they yield nearly

NINE PER CENT. UPON THE INVESTMENT.

Holders of Government Securities have an opportunity of exchanging them for Central Pacific Bonds, having an equivalent of interest, with the principal already secured, and of realizing a profit of from ten to fifteen per cent. in addition.

Orders sent with the funds through responsible Banks or Express Companies will receive prompt attention. Bonds sent by return Express, to any address in the United States, at our cost. Information, Descriptive Pamphlets, Maps, &c., furnished on application at the office of the Railroad Company,
